Dispute boards in action seminar

Dispute boards are recognised worldwide for their effectiveness in the real time avoidance and resolution of disputes on major projects. Embraced by government agencies, private owners and multilateral development banks, dispute boards are said to contribute to project success through significant decreases in costs and time overruns.

Join us to hear about the work of dispute boards and international dispute resolution more generally from two distinguished dispute board members Robert Gaitskell QC (Keating Chambers) and David Barry (Blackrock PM).

CMS is delighted to host this event which is promoted jointly by DRBF UK and TeCSA. Entrance is free.
